

# ***HYPERSPECTRAL REMOTE SENSING OF VEGETATION***

**Dr. Habil. Bogdan Zagajewski**

Dr. Habil. Bogdan Zagajewski is head of the Chair of Geomatics and Information within the Department of Geoinformatics, Cartography and Remote Sensing, Faculty of Geography and Regional Studies, Warsaw University, Poland. He received in 2003 his PhD in Earth Sciences (Geography) from Warsaw University (Faculty of Geography and Regional Studies) and in 2011 his Habilitation in Earth Sciences (Geography) with the thesis "Assessment of neural networks and Imaging Spectroscopy for vegetation classification of the High Tatras". So far, 4 students obtained their PhD under his advisement. His research interests include imaging spectroscopy; classification; algorithms; vegetation; natural and semi-natural ecosystems; high-mountain and Arctic monitoring; and land cover mapping. He authored over 150 articles and delivered 6 invited lectures.
